-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --
Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 1 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

Status

- 1) ☒ Responsive to communication(s) filed on 31 July 2003.
- 2a) ☐ This action is FINAL. 2b) ☒ This action is non-final.

DETAILED ACTION

1. Receipt is acknowledged of applicant's Information Disclosure Statement filed 1/2/2004 and 2/22/2005.

Election/Restrictions

2. This application contains claims directed to the following patentably distinct species of the claimed invention:

- a. A main chain corresponding to the following:
 - i. Rubbery phase (claims 3-6)
 - ii. Hard phase (claims 7-10)
- b. A polymeric release region type chosen from the following:
 - i. Carrier region (claim 14)
 - ii. Barrier region (claim 15)
 - iii. Coating layer (claim 16)

In regards to a, the main chain species are distinct because they make up the graft copolymer and create a separate composition (i.e. rubbery phase main chain and hard phase side chains versus hard phase main chain and rubbery phase side chains). The distinct species having different compositions and properties give rise to a functionally different product.

In regards to b, the polymeric release region species because each is a separate embodiment. The carrier region contains the therapeutic agent whereas the barrier region does not require the therapeutic agent to be incorporated into the polymer, only that it is adjacent to the therapeutic agent and the coating layer does not require the

Art Unit: 1615

therapeutic agent at all. Thus, each region is a separate and distinct species that would render a burdensome search.

Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, claim 1 is generic.

Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which are written in dependent form or otherwise include all the limitations of an allowed generic claim as provided by 37 CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species. MPEP § 809.02(a).

Should applicant traverse on the ground that the species are not patentably distinct, applicant should submit evidence or identify such evidence now of record showing the species to be obvious variants or clearly admit on the record that this is the case. In either instance, if the examiner finds one of the inventions unpatentable over the prior art, the evidence or admission may be used in a rejection under 35 U.S.C. 103(a) of the other invention.

3. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
